

IP65 Weatherproof Access Cover for Panel Meters

- Suits 48 x 96mm bezel sizes
- Tough, clear polycarbonate plastic
- IP65 rating protects against dust and water
- Hinged flap allows access to keypads
- Allows instrument to be removed without losing panel seal
- Easy to install:
Held in place by 4 screws
- Drilling template supplied
- Dimensions 130 x 78 x 25mm

Drill 4 x 3.2mm holes equally spaced around panel cut out. Make sure surface is clean and free from burrs for 'O' ring panel seal contact. Fit 4 x self tapping screws (supplied) through strengthening bar to secure access cover.
